Beautiful music.. I like them. There's five and they're pleasant to listen to, and it was only 2 dollars. I don't think the songs are restricted to Christians though, as I got them while playing a Muslim character.. The song 'Deus Misere' is one of the best songs I've ever heard in a video game. When it turned on during my Crusade for Jerusalem, I was almost bawling.. Good ambient music. Not exactly memorable, but relaxing.. The chants are beautiful, the instrument accompaniment fitting. As an Orthodox Christian who attends regular western rite liturgies I can tell you this is the real deal.. Almost all the music for this game is great, but Hymns of Revelation is extra gorgeous.. Simply the best music dlc which especially compliments your game as a Catholic. Contains the most beautiful rendition of Agnus Dei I've ever heard.. I rate this 10/10.
